	West Bountiful, UT	

Oversee and direct the merchandisers located on the hard goods side of the warehouse. Working alongside the merchandisers to train them, making sure that Costco standards are being upheld, and that we are “Showtime Ready” when the warehouse opens. It is my responsibility to make sure that items are worked into the inventory in their correct positions on the floor. Check the AS400 daily for price changes and change out signs as necessary. Learn and understand the inventory, merchandising it to drive sales. Previously worked as the Assistant Front End Manager and Tire Shop Manager.
